ABOUT US

Norsag is a proudly South Africa company rooted in Cape Town and Bredasdorp, serving clients across the country and the broader SADC region. We specialise in premium horticultural, landscaping, agricultural, and architectural products; from imported potting soils and LECA® aggregates to bespoke garden accessories and water-wise solutions

WHERE IT ALL STARTED

Our story begins with a shared vision to bring sustainable, high-quality materials to green spaces of all kinds. From small home gardens to large agricultural developments, we believe every space deserves thoughtful care and reliable products. With roots in Cape Town and Bredasdorp, Norsag supplies trusted horticultural, landscaping, agricultural, and architectural materials across South Africa and the SADC region. Whether you are planting a balcony garden, designing a commercial landscape, or managing a farm, Norsag offers dependable products supported by expert guidance and a deep respect for nature. We are committed to helping green spaces thrive with beauty, sustainability, and long-term impact.
